

**CADDO PARISH SCHOOLS
REQUEST FOR EXTENDED SICK LEAVE**

In accordance with state law, teachers, school bus drivers, and other employees are allowed up to 90 days of noncumulative sick leave during each six-year period of employment. These days may be used for a medical necessity of the employee or of an employee's immediate family member and are in addition to the 12 sick leave days allocated each year and those unused sick days the employee has accumulated. To receive approval for use of extended sick leave days the employee must: (1) expend all current and accumulated sick leave days prior to receiving extended sick leave; and (2) provide a statement from a licensed physician certifying the leave is a medical necessity as a result of a catastrophic illness or injury, which means life threatening, chronic, or incapacitating condition of the employee or member of his/her immediate family. Request for extended sick leave and the required documentation from the licensed physician should be submitted prior to the extension of the leave; however, it may be presented subsequent to the employee's return to work provided that it is submitted within 3 days after the employee returns to service. **Note: A teacher may use up to 30 days of extended sick leave in each six-year period of employment for personal illness related to maternity leave.**
